### GP PARTNER

#### HACKENTHORPE MEDICAL CENTRE

15 Main Street, Hackenthorpe, Sheffield, S12 4LA

4 - 8 Sessions per Week

*Applications are also welcome for a salaried GP with a view to Partnership*

We would like to invite applications for a GP Partnership opportunity at Hackenthorpe Medical Centre.

The Practice has a well-established and stable partnership. The rare opportunity to become a GP Partner at Hackenthorpe has arisen due to the extremely reluctant early retirement, of one of our long-term partners, due to ill health.

We are a friendly supportive team with approximately 6700 registered patients. We work from a modern purpose built surgery with 4 Partners and 2 Salaried GPs, 1 Nurse Practitioner, 2 Practice Nurses and 3 Health Care Assistants. The Clinical Team is supported by an experienced and dedicated Practice Manager, Business Manager and Administrative/Reception Team.

We are looking for an enthusiastic and committed Partner to support the Practice in driving our vision forward which is to provide high quality, patient centered care that is accessible, safe and continually meets the needs of patients and carers, to ensure the practice remains sustainable and resilient. The Practice forms part of Township 1 Neighbourhood and is actively engaged in developing the concept of Neighbourhood/collaborative working.

The Practice is a high achiever in relation to QoF and has a 'Good' CQC rating.

The Practice promotes open communication and continuous improvement. This is supported by our Daily Communication Cell Meetings. This gives the MDT Team the opportunity to discuss what has gone well, where improvements need to be made and to celebrate success.

The Practice provides training opportunities for F2 doctors, medical and nursing students.

The Practice has good access to public transport and is in close proximity to Crystal Peaks.

To apply please send a covering letter outlining what you can offer the partnership along with a CV to Hackenthorpe Medical Centre, 15 Main Street, Hackenthorpe, Sheffield, S12 4LA.

Informal visits and discussions are welcomed. Please contact Angela Mirfin, Practice Manager on 0114 2488187 for additional information. Alternatively, please email Angela Mirfin on [angela.mirfin@nhs.net](mailto:angela.mirfin@nhs.net).

**Closing date: Friday 16 February 2018.**

### **FULL TIME/PART-TIME GPs**

#### **IVY GROVE SURGERY**

Ripley, Derbyshire

Let's be honest it's no secret that times are tough in general practice at the moment, sometimes it can feel like you are being attacked from all angles with everyone wanting a piece of you. Workload is definitely up! At Ivy Grove Surgery (IGS) we recognise this pressure. Our ethos is to protect our greatest assets, our staff and partners. We aim to support each other through regular peer meetings. From our simple 30-minute coffee break together in the staff room every working day, to our 'New Starter GP- induction and mentoring scheme'. Support for the more challenging aspects of our work takes the form of bereavement meetings, complaint de-brief & support meetings plus the advice and support of the team.

Innovation is key to our ethos, we should not be duplicating or completing work that would be more suitable for another member of our practice team. Our resident IT wizard, the notable Dr Wong, has streamlined our processes with integrated templates, easy QOF reminders and merged referrals forms to name but a few. All of this cuts down the amount of admin our GPs have to do! Please visit our bespoke website <http://ivygrove.org.uk/admin.html>, this should give you a feel of what our practice is all about.

Like any other employer we expect our employees and partners to work hard but we pride ourselves on our fair and compassionate approach. Our management team are supportive and caring, they are there when you need them the most. They can guide you through practice processes when first starting, give advice on complaint handling, help you network in our locality or help you apply to the CQC for registration when you make partner!

Our working days at IGS operate rather differently to traditional GP surgeries, please ask us for more information. Our innovative working pattern is able to provide a varied working pattern allowing patient contacts to be kept to an average of 6-9 face to face consultations either followed by a break or a change in activity. On-call days can get busy but you are not on your own, our duty doctor is supported during the busy morning period by a second GP, who also completes the morning visits. There is also protected admin/paperwork time in the day.

The nuts and bolts of IGS are its staff and partners but the "Factuals" are listed as follows-

- Patient list size 10,900 - 7 partners, 3 practice nurses, 2 HCA's plus managerial/administrative/reception staff.
- 6 weeks of annual/study leave per annum.
- IGS is situated in the heart of the UK in the small market town of Ripley, a stones-throw from the Peak District National Park.
- Prestigious areas of Duffield and Belper within a 10-minute drive of IGS.
- Good transport links to the M1/A38 and East Midlands airport and parkway, giving rail access to London in 1.5 hours.
- Our local cities of Nottingham/Derby/Birmingham and Manchester are all within approximately an hour's drive.

We look forward to meeting you!

We are looking to cover 8-12 sessions per week due to retirement and a change in a partner's circumstances. We are looking for either full or part time GPs, either salaried or with a view to partnership. We would also be interested in meeting applicants who have had previous partnership experience and are looking to relocate.

We welcome each applicant on their merits but advantageous skills would be IT skills, GP specialty trainer, foundation year or medical student trainer, family planning services, minor surgery including aesthetics, GPSI dermatology.

We are happy to consider a range of working arrangements.

If you are interested give us a call on 01773 514130 and ask for Charmagne Stephenson, Practice Manager or email her [Charmagne.stephenson@nhs.net](mailto:Charmagne.stephenson@nhs.net).

We are happy to accommodate informal visits to the surgery, just speak to Charmagne.
