SALARIED GP PCS MULBERRY ASYLUM SEEKER HEALTH SERVICE

3 Sessions per week
£9,938 to £10,563 per session

An exciting opportunity has arisen for a GP to join this unique service providing high quality and bespoke care for asylum seekers, refugees and victims of human trafficking. You will provide pre-booked general primary care services for our practice population of approximately 1800 patients. The clinical team comprises part time GPs, Nurse Practitioners, a Practice Nurse and Health Care Assistant.

Our appointments are extended to reflect the usage of interpretation services and the sensitivity of the cases we are seeing.

Patients at the service are asylum seekers and refugees who are in the process of re-settlement in the UK or victims of human trafficking.

In addition to the sequelae of physical and psychological trauma, you will at times also be treating people who have been without adequate recent medical care.

Mutual debriefing and case discussion is actively encouraged with both GP and Nursing colleagues.

The work is interesting and hugely rewarding but often challenging. The team is very mutually supportive, with excellent and experienced administrative and secretarial support on site. We also benefit from strong links with the Health Inclusion Team who provide valuable support for our children. The Health Visitor provision extends up to the age of 18 for our patients.

The practice provides all the usual primary care services with chronic disease management and pre-booked GP and Nurse appointments.

You will develop new skills working with people from all over the world, increasing your knowledge of infectious diseases and people suffering with mental health conditions such as PTSD. We offer comprehensive new patient screening clinics for our patients. It will be useful to be familiar with using interpreters both face-to face and by telephone for consultations. It is critical for this post that any person applying is open-minded and has a high level of empathy. The most important attributes for the successful candidate will be enthusiasm for the work and excellent communication skills.

It is a fantastic practice to work and will provide enrichment to any Doctor wanting to have a different primary care experience. There is also the opportunity to work in City Practice, located within the same building.

We encourage our people to take advantage of our cycle to work scheme and use public transport. We also pay the parking charge should it be required.

You are strongly encouraged to contact the team and visit the service. An opportunity such as this does not come up often. Please contact Manager Nicolapryor@nhs.net or Doctor isabel.rowe@nhs.net for an informal discussion and/or practice visit prior to application.

To apply please send a covering letter outlining your interest in the role along with a CV or apply via NHS Jobs.

Closing Date: 2nd June 2025 / Interviews: 11th June 2025. We encourage candidates to apply promptly as the vacancy may close early if a suitable number of candidates apply.
