GENERAL MEDICAL PRACTITIONER GLEEDLESS MEDICAL CENTRE (HEELEY PLUS PRIMARY CARE NETWORK)

We are looking for a GP to join our dynamic PCN multidisciplinary team to cover 6 sessions-
Closing date is 19th October 2025.

They will join our current PCN employed GPs to make a team of 3 PCN GPs. This growing GP team will contribute to our team of teams approach that connects the 7 practice teams with our PCN pharmacy, mental health, practice support, and social prescribing teams.

The role will involve 5 sessions of practice-based GP clinics. There will be access to senior GPs for advice and support, and opportunity for supervision and debrief as needed.

The sixth session will be used to develop a PCN based portfolio career, pursuing interests that span population health and proactive personalised care. We have a number of PCN projects where a GP can slot in to contribute as part of our innovative approach to metabolic health, chronic pain, mental health or women's health. However, we also remain open to ideas that new GPs bring, and consider other network level projects they would like to develop. Our approach as a PCN is to work closely in partnership with our local population, to develop a collaborative community of support. This incorporates the new disciplines of social prescribing, health coaching, care co-ordination alongside a wide primary care MDT (including mental health workers, pharmacists and pharmacy assistants, first contact physio, GP assistants and digital lead).

Main duties of the job

- 6 sessions / week
- Review of fixed term contract at 6 month mark (to review for permanent contract)
- Good supervision and mentorship with senior PCN GPs and managers

- Opportunity to join innovative approaches to Metabolic health and Chronic pain, including group consultation, lifestyle interventions, peer support.
- Working as part of our PCN MDTs
- Opportunity to develop leadership skills (work alongside PCN Clinical Director)
- Time for personal development, and non-patient facing learning
- Mix of core General Practice clinics in practices and more innovative services (as above)
